- (f) *what corrective measures are being taken by the patron in Chief (Prime Minister) of the PCB to ensure meritorious appointments and introduce a transparent system of accountability therein?*

Minister for Inter-Provincial Coordination (Dr. Fehmida Mirza):

(a) Pursuant to the PCB Constitution issued *vide* SRO 1045(I)/2019 gazetted on 12th September 2019, the Prime Minister, as Patron of the PCB, is not involved in the day-to-day operations of the PCB; however, periodical meetings take place between the Patron and Chairman PCB, where the Patron is briefed on cricketing matters, including the performance of Pakistan Cricket Team.

(b) & (c) Selection of the National Cricket Team (men and women) in different formats and different age groups for International assignments is based on their domestic performance, fitness, previous international performance (if any), experience and talent. Positions for Coaches (men and women), and other people attached with the team and/or PCB are advertised at national and international forums through electronic/digital and print media in compliance of applicable PPRA rules.

Selectors are appointed on the basis of their experience in the field of cricket. Nearly all the appointed national selectors are involved in the selection process at the domestic level.

(d) This is incorrect. Coaching is totally different job than playing cricket. There are many renowned international coaches who have not played international cricket. For Pakistan international cricket team, as our

previous coaches, Misbah-ul-Haq and Waqar Younis have been top performers throughout their careers and have also captained the men's National Cricket Team. Waqar Younis is regarded an all-time great in the game of cricket and Misbah-ul-Haq is the most successful Test captain in the history of Pakistan.

(e) The positions were advertised. Copy of advertisement is at **(Annex-I)**.

(f) In addition to the Chairman PCB keeping the Patron up to date in all cricketing matters, the Prime Minister in his capacity as Patron may from time to time give to the PCB general policy directions for the Board's consideration in accordance with the PCB Constitution. Additionally, the Patron nominates two representatives on the Board of Governors (BOG) of the PCB, each of whom is eligible to contest and vote for the election of the PCB Chairman. It is the collective responsibility of the PCB's BOG, Chairman and Management to ensure meritorious appointments and implement a transparent system of accountability. In accordance with the PCB Constitution, the PCB operates in a transparent manner and ensures that all decisions are made on merit and in the best interests of Pakistan Cricket.

Minister for Interior (Sheikh Rashid Ahmed): It is stated that only 200 Nos. different trees were removed during dualization of Atta Turk Avenue (Embassy Road) from Khayaban-e-Suharwady to Jinnah Avenue three years back.

It is worth mentioning here that the roads are built on the land designated as Right of Way (ROW) as per Master Plan of Islamabad. As construction of roads is incremental and are constructed based on the traffic load till the time the roads are not built, some self-grown trees grow at vacant land which were removed during the dualization of Atta-Turk Avenue (West) Road, against cutting of these trees, almost 3000 Nos. new large size trees have been planted at said avenue.

After transfer of Environment Wing from MCI to CDA complete ban has been imposed on cutting of trees. Now trees are shifted instead of removal (cutting) coming in alignment of different ongoing projects. During the current year target of plantation of 300,000 trees has entrusted to CDA. (c) National Sports Federation and Pakistan Olympics Association.

(d) Pakistan Sports Board (PSB) arranged air-tickets for 13-member Pakistan Contingent *i.e.* 10 players and 3 officials as per schedule given by the POA. In spite of repeated communications and telephonic requests, POA did not provide copies of accreditation cards and passports; however, we paid 26 lacs to agency after following PPRA rules *i.e.* advertisement to invite bids for air travel. After prescribed scrutiny, a travel agency was selected to arrange air tickets for the contingent leaving for the participation in Olympics. The other expenses *i.e.* DA, uniform, kit, bags etc., of 13-member contingent (10-players and 3-officials) were borne by PSB, whereas POA arranged air tickets for participants by politicizing and manipulating the situation to their favor by buying the tickets from the same agency which failed to win the bid in PSB's bidding process.

(e) They were nominated by the POA and concerned National Sports Federations and their performance was not shared with the PSB. All the selections and evaluations were done by NSF's and POA who got them accreditation for participation in the said Olympiads. We just played a role of facilitator by providing the funds, D/A and the expenses of training camps.

(f) As narrated above.

(g) The Government has asked the president POA to step down. An adequate accountability process is underway, keeping in view the IOC charter. As the Government does not favor to meddle in and wish to resolve this issue amicably. The Government is in process of overhauling the sports structure and revision of National Sports Policy in the country by having independent election commission & dispute resolution for National Sports Federations and Sports Athletes performance.
